

# You Rock!

Let it be known  
that in the face of incredible adversity

---

has persevered day in, day out  
to overcome his or her concussion, no matter  
how long or difficult the recovery. Good job!

Julie ... every day

---

Presented By and Date

daily headaches or fullness ... balance troubles ... memory issues ... difficulty concentrating  
extreme fatigue ... light and noise sensitivity ... nothing shows on tests ... can't see it ... disbelief ... loss of  
friendships ... bullying ... loss of independence ... loss of income ... impacted family  
missed school activities and social events ... missed sports team participation  
missed schoolwork ... impacted ability to take tests ... and on & on & on
